

## SAN MARINO COMMUNITY CHURCH CONSTRUCTION CORNER

---

**June 22 - We're into week two of construction, and so much has already been accomplished!** It's hard to believe that after 3 years of planning, the project is really underway! In only nine days, much of the interior upstairs and down has been gutted, the HAZMAT remediated, the business office framed and half of the roof tile removed.

Though there is going to be disruption, we are still holding Sunday worship in the Sanctuary, along with Sunday School in the Nursery School Courtyard. You'll notice our offices have been relocated to Westminster Hall, and the Clergy Suite with hopes of returning to brand-new spaces as early as October.

We plan to tent the entire church for fumigation Monday, July 18 through Friday, July 22. Therefore, the offices will be closed that entire week. However, staff will be available by phone and email. Due to the fumigation, July 24 Sunday Worship will be held at Southwestern Academy, 2800 Monterey Road, San Marino. Stay tuned for more information about this unique service followed by a picnic.

Meanwhile, the contractors will ensure clear and safe pathways on campus for the congregation attending church on Sundays during the coming weeks. Please note that certain areas of construction are restricted to hard hat, glasses and closed-toe shoes only. If you're interested in learning more about the project, please don't hesitate to contact Peggy Flynn at 282-4181 x19 or [pflynn@smccpby.com](mailto:pflynn@smccpby.com).

Don't miss the Groundbreaking Ceremony this Sunday at 10:25am, after worship!
