

Since our July 18th announcement of San Marino Community Church's campaign – Celebrate 70: A Proud Past, A Promising Future – we have continued to build great momentum and excitement. We are excited about our progress toward funding the important renovation and upgrade needs of our facilities, enhancing our outreach, and providing a fund for the church's maintenance in the future.

As of August 26, we have now received 92 commitments totaling \$5,483,000 - that's 65% of our campaign \$8.5 million campaign goal. We would like to give a big thank you to our early leadership donors to this effort.

Following Labor Day weekend, our campaign heads into its final push. SMCC will conduct phone-a-thons reaching out to the entire congregation. We will need approximately 30 volunteers to assist us in inviting everyone's participation and to answer any questions. In the church courtyard, on August 29th and September 5th there will be a table staffed by a member of our campaign team where you can ask any campaign-related questions and sign up as a volunteer. We need your help!

On September 12th don't miss our Capital Campaign Video which will be projected during worship in the sanctuary! For any campaign related questions, please contact the church office @ 626-282-4181.
